Water

Where we sell (2023 in CHF billion)

We are the Good food, Good life company...

Creating Shared Value (CSV) is at the heart of Nestlé's approach to achieving our purpose. To ensure that we can continue to deliver in the long term, we are helping make the production of food more regenerative and are supporting farmers and their communities.

Regenerative agriculture is at the heart of our Net Zero Roadmap and we remain focused on progressing toward our 2025 and 2030 greenhouse gas emissions targets.
