

## Technical data Brielmaier basic machine

<https://brielmaier.com/en>

**Type:** Basic machine 29EFI

**Engine manufacturer:** Kohler Command ECH749

**Engine type:** fuel injected 4 stroke gasoline

**Power:** 19.87 kW (26.5 HP)

**Max. Torque:** 43.6 Nm (2200 min)

**Displacement:** 747 cm<sup>3</sup>

**Number of cylinders:** 2

**Emission standard:** Stage 5 according to EU 2016/1628

**Travel speed:** 0-7 km/h (infinitely variable hydraulic drive)

**Attachment drive:** Hydraulic Max. Pressure 260 bar (pressure adjustable)

**Width:** 1,320 mm depending on tires up to approx. 2000 mm

**Length:** 1,900 mm depending on handlebar position (extendable and folding as well as articulated)

**Height:** 1,100 mm depending on handlebar position

**Weight:** Lightweight! Basic machine 244 kg, depending on equipment and attachments, top weight distribution

**Operation:** via push buttons on the handles, steering via rotary handle on the handlebar

**Tires:** Flexispike Brielmaier 6-row SD 504

**Mower:** Double-blade Bidux mower 3.00 m complete, with lateral eccentric drive
